ENTOMBED MINERS PERISH IN FLAMES

COLLIERY YIELDS CHARRED REMAINS OF VICTIMS

CREMATION FOLLOWS IN WAKE OF BLASTS

Mangled Condition of Dead Miners Renders Identification Difficult.—173 Men Isolated By Triple Explosion In Utah Disaster.

Castle Gate, Utah.—Hope that some of the entombed miners still might live was extinguished when the first thirteen bodies were found charred beyond recognition. This showed that the fire caused by the explosion was still raging within the man-made catacombs of the mine.

Pitiful scenes, the kind that seldom are seen outside the mining districts, were enacted by relatives of the victims when the first bodies were brought to the surface under canvas.

Half of the rescue workers had to be detailed at once on guard duty in order to prevent wives and mothers from dashing into the gas-filled tomb, and calls were sent for more volunteers to aid in the rescue work.

One rescue worker lost his life attempting to penetrate Mine No. 2, Utah Fuel company. He had gone 500 feet back, toward the inner workings, and was overcome by black damp. Other workers managed to bring the body to the surface. Workers believe the recovery of bodies of men in the mine at the time of the explosion is practically impossible at this time.

The force of the explosions was so terrific that the belief is expressed by rescue workers that the men were possibly blown to pieces by the first blast.

Air shafts were all severed, the entrance buried in tons of debris and deadly gas escaped from fissures in the tunnel until it was impossible for the rescue parties working at the mine to lend any assistance.

ISLAMIC ASSOCIATIONS ARE INCENSED OVER TURKS' ACT

London.—Meetings of the Islamic associations are being hurridly summoned throughout India to consider the action of the Turkish government in abolishing the caliphate at Constantinople. Resolutions denouncing Turkish Nationalists for abolishing the caliphate, and calling upon the entire Moslem world to establish a commercial and social boycott against the Kemalist government, were adopted by the Islamic community in Berlin, comprising Mohammedans from forty-one lands, a serious crisis which can only be solved by a plebiscite of the entire Moslem world.

King Hassein of the Hedjaz has accepted an offer of the caliphate from the Moslems of Mesopotamia, Trans-Jordania, and the Hedjaz, who have proclaimed him caliph, the Trans-Jordania government stated. It is expected that other Arab-Moslem countries will follow their lead in selecting Hassein as head of the Islamic world.

COSTA RICA'S EARTHQUAKE LOSS ESTIMATED AT $15,000,000

San Jose, C. R.—Only a few casualties are reported in consequence of the series of earth shocks which occurred throughout the country. There were none in San Jose. Great property loss was caused in San Jose, Heredia and Alajuela, and a few small towns were wiped out. The American embassy building in San Jose was slightly damaged. The estimated loss in government buildings and churches is about $15,000,000. The private losses are very heavy, but have not been estimated.

Four hundred and eleven earth shocks occurred in twelve hours and the tremors continue in a milder form.

Will Deport Defectives

Sacramento.—Orders for deportation in April of 125 alien inmates of state hospitals, reformatories and insane asylums, were issued by W. D Wagner, state director of institutions. Removal of inmates will begin April 1. Since assuming office several months ago, Wagner has deported 434 inmates of California institutions. The deportation policy has been adopted he said, because of congested conditions in the institutions.

Women to Unveil Statue

Cody, Wyo.—Mrs. Harry Payne Whitney's equestrian statue of William F. (Buffalo Bill) Cody, for whom this city was named, is to be unveiled here July 4, it is announced by the "Buffalo Bill" memorial committee. Mrs. Whitney, the New York sculptress, and Jane Garlow, Colonel Cody's granddaughter, are expected to pull the strings that will reveal the statue.

POINCARE REBUKED BY FRENCH SENATE

BEATEN IN FIGHT, RESIGNATION HIS ONLY ALTERNATIVE

PREMIER'S FISCAL PLAN REJECTED BY COUNCIL

Substitute Measure to Save Expense is Voted.—Situation Near the Crisis Stage as Leaders Hold Conferences On Way and Means.

Paris.—With the French franc falling to one-sixth of its normal value and as a result of the finance commission voting to reject his plan for effecting economies totaling 1,000,000,000 francs by means of decrees, the French premier was brought close to a point where only resignation is left him.

The political situation grew tense following the decision of the committee to deny recommendation of the government's financial program, a step which Poincare declared would be followed by his resignation.

Members of the government are holding lengthy conferences, desperately trying to find a way to meet the fiscal crisis and discover a method of preventing new parliamentary difficulties.

After striking a grave blow at the government by voting rejection of the decrees, the commission voted, 19 to 3, to substitute therefore a scheme to realize the 1,000,000,000 francs in economies by suppressing sufficient credits from each ministry.

It proposed that this should be accomplished by decrees by President Millerand "winthin the framework of existing laws." This is another blow directly at Poincare, who wished to sign the decrees himself. The step was taken by the commission as a result of criticisms leveled at the premier, who was alleged to be seeking dictatorial powers.

ONE KILLED, SEVEN INJURED IN AUTOMOBILE ACCIDENT

San Rafael.—Mrs. Emma F. Trowbridge of Santa Rosa was killed and seven people injured in a collision involving a bus belonging to the Santa Rosa and Sausalito Auto Bus company, a poultry truck and three automobiles, on the road to Lucas valley, four miles from here, the result of a series of accidents caused by heavy fog. Ezekiel Smith stopped his car because of the fog, and an automobile from the Marin county farm crashed into it. Arriving at the scene the driver of the stage stopped and got out. A machine driven by Judge Thomas Denny crashed into the rear of the bus. Thereupon the passengers gathered on the roadside. The truck ran into the group of passengers.

The victims were all passengers of the bus except Mrs. Denny, who was in the car with her husband. The driver of the truck was arrested on the Golden Gate ferry.

"Uncle Joe" Bewildered

Danville, Ill.—Uncle Joe Cannon confessed the whole "mess" at Washington bewildered him. The former congressman and speaker of the house of representatives declared he was out of touch with Washington affairs and added he was far more interested in living a quiet life than he was in "tempests in the Teapot." "So many charges and countercharges are being made," he said, "it is impossible to keep up with them. I believe the people will withhold judgment until a thorough investigation discloses the truth or untruth of rumors and charges."

Spanish Troops Repulsed

London.—The recent action in Morocco resulted in a severe reverse for the Spanish forces. The Spanish line was broken at Tizziazza, and the Riffians are pushing through in wedge formation in the direction of Midar (Nador), a short distance south of Melilla, where the Spanish headquarters are located. Rumors comes from Gibraltar that Melilla is burning.

Bootblack Retains Concession

Sacramento.—The right to oust John Taylor, colored bootblack, from his bootblack concession in the San Francisco ferry building, sought by harbor commissioners, was denied when a writ of certiorari was refused by the supreme court. The ruling indicates that the commissioners have no authority to oust Taylor.

Greek Consul Injured

San Francisco.—Constantine Panogopoulous, consul general of Greece with offices in San Francisco, suffered a shattered right ankle, and three other persons were injured when a gas log in the home of Nicholas P. Damiankes, Oakland manufacturer, exploded hurling pieces of iron about the room.

MORE PHONES FOR CAMPBELL BOARD

Another telephone line has been added to the Campbell territory, largely thru the efforts of C. E. York. Subscribers in the San Tomas district have wanted to be on the Campbell switchboard for years as thev claim Campbell as their home town and are largely interested in its social affairs.

The change will be of mutual benefit, and patrons of the Campbell telephone service will be glad to have these neighbors more accessible.

The transfer includes D. G. Craig, H. E. Brandenburg, E. Dierks, C. H. Luce, H. C. Hutton, Geo. Schuyler, and C. E. York.

SEEING IS CONVINCING

Rufus Barefoot has rented the cottage on No. Second St., which E. E. Sower recently purchased of the Marshman estate, and is getting his family established here. Mr. Barefoot has been in charge of the extensive gardening contract at the Grammar School and has liked our community so much that he decided to move from Oakland.

He will remain with the same company, McCrory & McClarens, landscape gardeners, but make his headquarters here, where his family will live, wherever his work may take him.

CALIFORNIA NEWS BRIEFS

In the new alignment brought about by the joint purchase by the Pacific Southwest Trust and Savings bank and the Bank of Italy of the Valley bank and its branches, the Fresno bank and its branches at Coalinga, Biola and Kerman went to the Pacific Southwest bank and the Selma, Reedley, Sanger, West Fresno and Monterey branches to the Bank of Italy.

The United States department of commerce announces, for the state of California, its preliminary estimate of the value, December 31, 1922, of the principal forms of wealth, the total amounting to $15,031,734,000, as compared with $8,444,038,000 in 1912, an increase of 78.0 per cent. Per capita values increased from $3,277 to $4,007, or 22.3 per cent.

Appropriations of $450,000 for the construction of a road leading into territory from which the Long Beach water supply comes are being planned by the federal, state and county governments. The road will lead into Angeles forest reserve in the San Gabriel canyon, and will be used in dry weather, when the possibilities of forest fires are great.

Attorney General Webb, James D. Phelan and V. S. McClatchy are in Washington to oppose modification of the new immigration law when the question of changing the provisions, to admit Japanese, comes up before the immigration committee of the senate. They bear credentials from the state grange, American Legion and Native Sons.

Sacramento's "burned match" raffles, who has given the denizens of that bailiwick a 3-month respite, has returned to the scene and is leaving a trail of charred matches through the homes he visits. He is charged with more than twenty-five burglaries.

Six log rafts, each 900 feet long and containing 30,000,000 feet of lumber, 2,000,000 feet of cedar poles and several million shingles, will be towed from the Columbia river to San Diego the coming summer, the first one starting about June 1.

Ronald C. Erno will have to pay the extreme penalty for murder and William A. Hard will spend the rest of his life in the state prison for the slaying of Fred Skeen at the latters home in Sams Neck, Siskiyou county, on the night of October 31.

William Stewart of San Rafael asks $15,000 of the Northwestern Pacific for the death of his 2-year-old son, killed last December by a Mill Valley tram.

Sacramento will be host to the grand parlor of the N. S. G. W., May 12 to 19, when the annual meeting will call 2,000 members there.

Fire destroyed the Southern California Disinfecting company plant at Los Angeles; loss $30,000. Two men were seriously burned.

Dredging has started for the construction of a $1,100,000 terminal for the Alaska Packers association at Alameda inner harbor.

Educational Week

National Education Week was very fittingly observed by a public meeting held at the Grammar auditorium Monday under the direction of a committee of townspeople. Hon T. M. Wright was invited to act as chairman of the meeting. In his introductory talk he stated that it was always his custom in visiting this section of the county to pass by our beautiful school, one of the finest structures in this section of the state. He said that the greatest industry in any community large or small is its schools. In 1917 there were five million illiterates in the United States and one fourth of our army couldn't write home.

Dr. Geo. E. Freeland of the Teachers' College training department stated that California heads the national list in efficient school system. First, there are more fine modern schools per capita in California than any other state; second, there are more well trained teachers; third, the regular school subjects are taught better. California gets better results, dollar for dollar, than other states.

He was delighted with such a fine modern building and stated in part that Campbell district had spoken the last word in advancement of education and had dedicated a real monument to the cause of progress.

The program was interspersed with numbers by the Campbell High School orchestra directed by Prof. Josef Halamicek. The High School male quartet, Antone Bonaccorso, Franklin Blaine, Gayno Eddlemon and Yal eMaxon gave several numbers which were much enjoyed. Lera Covey sang a very pretty solo, being accompanied at the piano by Beryl Peterson.

P T A ON DRIVE FOR BALL COSTUMES

The P. T. A. of the C. U. H. S. held a very interesting and busy session Tuesday, March 11. Miss Florence Williams favored the club with two very fine piano selections. After considerable discussion on ways and means, it was voted to hold a paper drive Thursday, March 27, the funds from the drive to help equip the baseball players of the athletic association with uniforms. Coach Noddin stated that 12 suits were needed but they could do with ten.

Boys from the various districts are to have charge of the collecting of papers. The following are chairmen for their districts: Sam and Breck Red, Union district; Harold Shelley, John Duncan and Raymond Steindorf, Cambrian district; Yale Maxon, Gayno Eddlemon, Harold Cramer, Jim Hogan, Antone Bonaccorso, Campbell and San Tomas; Albert Turner, Roy Schow, Cecil Hiatt, Hamilton district; Robert Cunningham, Arthur Lindquist, Willow Glenn; William Pugh, Chas. Fahrner, Richard Dean, Meridian district; Nuncy Abinanti, William Noehig, Stanley Stocker, Moreland.

Let every one boost for this worthy movement, by saving papers and telling your neighbors. Have the papers tied in bundles ready for the boys when they call.

Tie newspapers and magazines separately, using wire on bundles. As it is desired that papers be handled only once, the boys will take them to the junk yard the same day they are gathered.

The P. T. A. will also celebrate its 4th birthday on the evening of April 4. More will be said about the birthday party next week, but be sure to save the date April 4, for big eats and a big time.

While federal dry agents were raiding "hip pocket" 'leggers at San Francisco, small boats delivered $65,000 worth of liquor to trucks at an inner harbor pier from a ship lying outside the Golden Gate.

CAMPBELL HIGH PLAYERS SHOW TONIGHT

Artistic Performance Assured Local Patrons

"Purple and Fine Linen" will be presented in the Campbell Grammar School Auditorium this evening. The play will be of unusual interest because of its picturesque costuming and the unusual opportunities for character portrayal. The part of John Beldon, a young Puritan minister, is well portrayed by Yale Maxon. One of the most striking scenes in the play is the court scene, where the young minister speaks in defense of Elizabeth Dearborn (Marie McCoy) a young Puritan maid who has aroused the wrath of the deacon and elders of the church through her unseemly love for purple and fine linen. The difficult role of the stern deacon with his high-pitched, nasal voice is cleverly interpreted by Kenneth Peake. Many a laugh will be contributed to the play by Albert Turner in the part of Elkanah Parsons who stutters thru a unique proposal as a rejected suitor and would-be villain. Sam Reed as Tom Dearborn, a mischievous and hig-spirited young boy, rollicks through his part in true boy fashion.

YALE MAXON, Leading Man

Tickets may be procured from any of the students of the high school and at the door. Music will be furnished by the high school orchestra, by the quartette composed of Yale Maxon, Franklin Blaine, Antone Bonaccorso and Gayno Ed l'emon. There will also be a piano solo by Patrice Smith.

ORCHARD CITY GRANGE ENJOYS MEET

BIG FIELD DAY PLAN FOR MAY

Orchard City Grange held an unusually interesting meeting Tuesday evening, March 11. Our popular high school teacher, Miss Mariam Jenkins sang "Sunny Boy" and "I Gathered a Rose" in a most pleasing manner, at the opening of the lecture hour.

Brother Bohnett made the leading speech of the evening. His subject being "Promptness." He gave many illustrations of promptness in nature. The plants, the moon and the sun are always on time. But what person among us could say that of our own son, especially in the morning. A woman arrives at the station too late for the train, she weeps and carries all of her beauty home on her handkerchief! A man who is always late will be late to his own funeral if he doesn't look out.

Bro. Carboni sang " Over the Blue" in fine style and Mrs. Parkhill gave humorous readings which put us all in good spirits for what was to follow—the surprise of the evening. This was by Miss Newell, of Gilroy grange, whistling accompanied by a phonograph. Her pure clear notes and warbling in imitation of many birds was something the grangers will long remember as among their best entertainments.

It was decided to hold a plant exchange at the next meeting, March 25. All members take notice and bring some plants, bulbs, or anything that can be grown either inside or out to exchange for something they may want.

Mr. Keesling announced there would be a daffodil show at the Chamber of Commerce, San Jose, on Friday and Saturday, March 14 and 15. This is conducted by the Flower Lovers' Club and is free. Everyone is invited to come and bring flowers. All kinds of flowers of the season are desired.

The entertainment committee announced that the play "Our Wives" under the auspices of the grange will be held, Friday, March 28, in the high school annex. Tickets can be had at next grange meeting.

The granges of the county have decided to hold a Field Day meeting on Campbell high school grounds the second Saturday in May.

As a result of an agreement reached at the Fresno meeting of the industrial and agricultural leaders of the state, an amendment to the state constitution will be drawn, alloting to the rural districts a five-eights membership in the senate and to the three metropolitan counties three-eights, giving control of the senate to the rural districts and of the assembly to the populous centers.

Ten California native sons are among the mid-summer graduates at the Harvard university, this year. Harrison Dibble, jr., San Rafael; Lloyd Harris, Los Angeles, and Frederick Field, San Jose, will receive their A. B. degrees. Charles Gates, San Francisco; George Tanikawa, Florin, and Rolin Vaile, Riverside, will receive master of arts honors. The degree of master of business administration goes to John Brooke, jr., San Francisco; Lloyd McElroy, Willits, and Newton Thompson, Alhambra. Wirt Eller of San Francisco receives an advanced degree from the medical department, getting an M. D.

John J. Moran, who with John Kissinger, volunteered in 1900 to undergo the tests that would prove or disprove that the mosquito was spreading the yellow fever which took a heavy toll of life in Cuba and menaced American shores, is now living in Los Angeles. Kissinger died from the plague. Moran recovered, and as a result of his sacrifice all former theories of the disease were set aside and it has become practically unknown in America.

The farm home of Mr. and Mrs. Frank Flowers, farmers on a ten-acre tract a half mile west of Woodland, was destroyed by fire as the result of a defective flue. The loss was $3,000 with some insurance.

A bootlegging cocoanut, which in some manner strayed from its path and found its way into a consignment shipped to a Yuba City merchant, caused a run on the store's supply by the party who picked the particular nut from the sack.

Palo Alto's vote on the Bok peace plan, as gathered by the Palo Alto chamber, revealed a sentiment of 495 to 15, or 33 to 1, in favor of the plan chosen by the jury of award. The ballots have been forwarded to the American peace award.

Fifteen landowners of the Oak Run district, twenty-five miles east of Redding, have signed options in favor of eastern capitalists on 7,000 acres of what is believed to be valuable coal land, on which experts recently completed their preliminary surveys. If exercised, these options will mean payment of approximately $2,000,000 to owners of the district.

THE LOCAL PAPER AND COMMUNITY PROGRESS

By John F. Cunningham, President of Wisconsin Agriculturist, Racine, Wis. in National Printer Journalist.

There is a clear and definite line of work for the local newspaper, whether it be a daily, semi-weekly or weekly. From no other source can the intimate personal and business news of the small town community be obtained.

There was a period during which the small town newspaper seemed to be smothering under the increasing circulation of the city dailies. The city daily does not and cannot devote space to matters of immediate interest to the small town and the surrounding country. We may say, therefore, that while in the great wall of news that confronts us from day to day, the large stones and bricks will always be furnished by the city dailies, through the various news services that cover the entire world, the chinks and the cement will ever furnished by the local country papers' news from nearby, the intimate heart-throbs that come from the local business, social, civic and home activities.

Every town owes it to itself to encourage a good, enterprising wide awake progressive newspaper. Such publications are worth far more to the town than the town usually realizes. By supporting, I mean not only subscribing to the paper and reading it, but also helping it to get the news, by using it as a medium of public discussion and by patronizing its advertising columns.

In too many instances the good local paper is taken as a matter of course—about as we consider the act of eating when meal time come.

But the town which has no medium of local news or for the expression of local opinion is a barren spot indeed. God pity it! What community progress can be made with no vehicle of local publicity? What community ideals and heart can be promoted or maintained with no regular and dependable organ to voice them? What community sympathy and fellowship can be developed where there is no clearing house for the heart—where there is no common parkway where the myriad hopes and discouragements, joys and heart-aches, successes and disasters may be brought together and blended into that intangible tho very real, thing or substance that we call community spirit?

Every community feels the need for a good, level headed newspaper. It has its work clearly defined for it and if it fulfills its mission it deserves the loyal support of the town and the country round. Such a paper can render invaluable service in breaking down that foolish but age old barrier between town and country by keeping each class supplied with the point of view of the other.

After all, folks are about the same whether in town or country, and the country roads are but extensions of the city streets.

GETTING RID OF LAME DUCKS

"Lame ducks" will have a hard time living off the people they have misrepresented if a bill introduced into the Senate by Senator C. C. Dill, of Washington, passes Congress and becomes a law.

Senator Dill's "Anti-Lame Duck Bill," as it is called, provides that when a Senator or Representative has been defeated for re-election he shall not be eligible for any federal appointment for two years. It is the people's answer to the practice liberally indulged in by the present administration of putting rejected representatives of the people in responsible executive positions. Thus Senator New was made Secretary of the Interior, Senator Weeks was chosen by the late President as Secretary of War, and Senators Kellogg and Poindexter were both honored by ambassadorships after the people had turned them out of office.

Everybody who still has faith in the fundamental principles of representative government will back Senator Dill's "Anti-Lame Duck" bill to abolish the abuse of the appointive power in awarding soft jobs to defeated misrepresentatives.

There is no doubt that C. Bascom Slemp knows a great many things that would be of interest to the general public, but there's doubt about him giving over any of his private information to any investigation. He is not as easily "flushed" as some of the less experienced folks.

Capital Jails Crowded

The Nevada county irrigation district and the Pacific Gas & Electric company entered into a contract for the development by the electric company of 140,000 acre-feet of water for irrigation, and the expenditure of $8,000,000 for development of hydro-electric power. The contract, it is expected, will raise that county to a place among the highly productive agricultural districts of the state.

Beginning in June and continuing until August, the summer national guard instruction camps of units of the Ninth corps area of the national guard will be located at Del Monte, Fort Barry and Fort MacArthur in California. NATIONAL SPORT ON

The baseball season opened Monday, March 10, for Campbell, when they crossed bats with Montezuma. The Campbellites celebrated the opening by defeating the mountain school by a score of 15 to 3. Although this was only a practice game the Campbell boys showed up very well. They succeeded in smashing the apple for two home runs. These were made by Raymond Steindorf and Harold Shelley. Arthur Sundquist held down the mound with great skill and ease.

The line-up for Campbell was as follows: B. Reed, c; A. Bonacorso, 2b; S. Sundquist and E. Clark, p; Cunningham,1b; J. Nishito, 3b; R. Steindorf, ss; G. Eddlemon, lf; S. Reed, cf; Harold Shelley, rf.

On Wednesday afternoon, March 12, the Campbell baseball nine met and were defeated by the San Jose team by a score of 7-2. In the first inning San Jose made three runs making things look pretty dark for Campbell. But in the second inning Hank Shelley started the ball rolling with a two bagger which was fol lowed by another one by Breck Reed, bringing Henk in. The score then stood Campbell 1, to San Jose 3. For the remainder of the game Campbell only secured one more run while San Jose made four, making the final score 7-2.

Ray Steindorf in the fourth inning, kissed the apple for a three bagger, the best hit during the game.

The line-up for Campbell was as follows, B. Reed,c; E. Clark, J. Nishito and Arthur Sunquist, p; J. Cunningham, 1b; A. Bonacorsa, 2b; G. Eddlemon, 3b; R. Steindorf, ss; E. Clark, lf; S. Reed, cf; H. Shelley, rf.

PLAYERS ENJOY EATS

Wednesday, March 5th, one of the most enjoyable affairs of the Hi school year was held at the home of R. E. Noddin, when he and his wife entertained at dinner the boys of the unlimited basket ball team.

After the boys had dined until utterance, the after dinner etao they were almost too full for utterance, the after dinner speeches began, with the host as toastmaster. The boys were all of one opinion, that Prof. Noddin was the best coach ever and Mrs. Noddin was the best cook ever. Mrs. Noddin was assisted by Mrs. L. Shelley, a warm friend to all the boys.

The boys present were William Murphy, captain, Sam Reed, Breck Reed, Frank Blaine, William Robinson, Harold Shelley, Antone Bonaccorso, Carl Nelson, John Duncan, Richard Dean, Raymond Steindorf.

LETS GO

Sciots Circus in San Jose Promises to Be Event of the Year.

Ladies and gentlemen! If you want a real enjoyable evening,—if you want to see one of the best circus entertainments that ever has been presented in this vicinity, a circus free from any objectionable features, because the circus people will only be in evidence in the sawdust rings and in the arena, while the Sciots handle the entire business end,—if you want to enjoy high class and sensational circus acts, full of thrills and recruited from the biggest circuses in the country,—then, friends, come to San Jose between March 20th and 29th and pay the Sciots Circus a visit.

This is the call broadcasted by San Jose Sciots Pyramid No. 9, and all indications predict that thousands of friends of clean, wholesome amusement will gather the latter part of next week in San Jose, where the big Sciots Circus will hold sway at the old Circus Grounds on South First Street, beginning Thursday, March 20th, for nine merry nights. The Sciots have succeeded in contracting the Bob Morton Circus Company, the greatest and best organized fraternal circus, for this engagement in the interest of their charity fund.

Nothing will be missing that goes to make a real circus popular. There will be aerialists and acrobats, performers on roman rings, trapeze and horizontal bars, hand balancers and contortionists, sixty-two well-known performers in all, and there will be no less than fifteen clowns, that make it their business to make the little and the grown-up kiddies laugh as they never laughed before. And to add to the fun, an automobile will be given away as a souvenir each night. There will be only one complete show given every evening, and there will be no show on Sunday. The doors to the Circus open every night during the engagement at 6:30, the main show in the big top starts at 8:15 sharp. Already many parties of friends and neighbors in this vicinity have arranged for a visit to the Sciot Circus.

NOTICE OF ELECTION FOR TRUSTEE OF ELEMENTARY SCHOOL

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

Convinced that highway advertising signs detract from the natural beauty of the great routes of travel of the Pacific Coast, this Company has decided that it will erect no more such signs and that it will immediately remove all of its signs of this nature now standing. Hereafter the Company will confine its use of signs to commercial locations.

The Company feels that the splendid scenery so characteristic of nearly all of the highways of California, Oregon, Washington, Nevada & Arizona should be unmarred, and on that account is willing to sacrifice the advertising value of the signs.
